## COMPANY PROFILE

**SRESKY** was established in 2004 and is located in Shenzhen City China. Covers an area of 13,000sqm, we employ 300 staff members and offer the monthly output of 50,000 units.

Our main products include solar street light, solar garden light, solar landscape light, solar plaza light, solar courtyard light, solar decoration light, solar wall light etc.

We have more than 70 different models in our range for you to choose from, due to our 15 innovative R&D team members who utilize their 8-15 years of industry experience to make us shine out from the competition.

With rich experience and expertise, we're able to develop 2-3 stylish solar lighting items each month.

We take QC seriously and employ 15 technicians who rigorously implement strict standards to ensure our products meet CE, FCC and RoHS directive standards. Because we operate according to an ERP management scheme, you can be confident that we're an efficient and professional company.

We have our own brand -"ESPZONE", and also, our R&D team can develop customized products according to your needs in 15 days.

Also, we are a certificated manufacturer by BV, SGS, ITS, BSCI, ISO and we welcome any kind of OEM and ODM projects!

### Multi-Angle

-15,0,15,30 Four-degree angle to confirm the most effective charging efficiency. Professional Lighting distribution can keep the same angle while the Solar Panel angle changing.

### Patent

Professional Fresnel lens to achieve 20 m and 120 degree detectable area, far more than the competitor

### Features

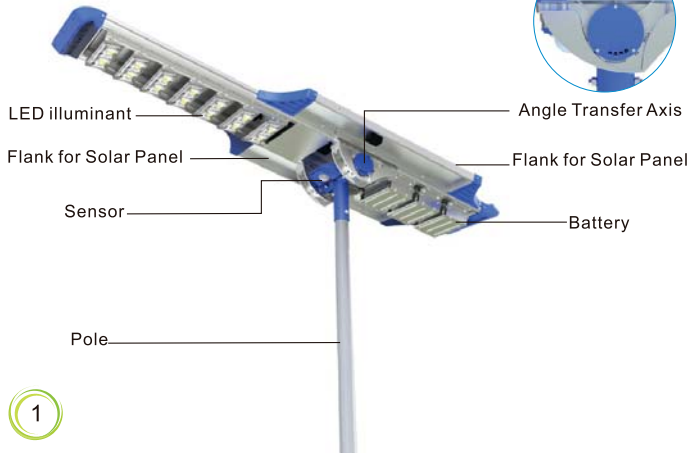

Aircraft Carrier design to enlarge the solar panel and battery. Provide a longer lighting time

### Application

Street, Courtyard, Garden, Park, Roadway, pathway, Parking Lot, Campus, Farm & Ranch, Military Base
